4. a) Overall, do you feel using the software would help you do the job if needed?

☒ Yes ☐ No

b) Why?

Very easy to use, in an educational environment, it can be easy to forget some commands for the tools. Using the app would be quicker for someone like me.

5. Any other comments or suggestions

Some of the tasks Were rather confusing a required the investigator to explain some things in more detail like PDF analysis. It would be nice to see some improvements to the UI to better explain the procedure.
